

STAIN AWAY

Modern Stone's Stain Away is an effective stain reducer/remover for stone, grout, concrete, paver stones, wood decking, & composite decking and more. Simply pour on stain, allow to dry (at least 12 hours) and sweep away. Deep set in stains may require more than one treatment. Safe on most substrates. Test in an inconspicuous area before use.

USES

- » Marble
- » Granite
- » Limestone
- » Travertine
- » Grout
- » Quartzite
- » Sandstone
- » Slate
- » Saltillo
- » Flagstone

APPLICATION

1. Shake bottle well.
2. Pour Stain Away directly on surface allowing it to cover entire stain.
3. Let dry completely (minimum of 12 hours).
4. Brush away dried poultice with soft bristle brush.
5. Re-apply if necessary for deep set in stains.
